Certified Professional  
Accountants®

**Announcement: COVID-19  
CIMA Office, Melrose Arch, Johannesburg**

25 March 2020

**COVID-19: Our services continues.**

Please be informed that our Johannesburg, South Africa office will be closed from 26 March 2020 for 21 days in line with The South African Government announcement of a country wide lockdown to curb the spread of COVID-19 in South Africa.

Serving our members, students, partners and the public interest continues to be the highest priority for The Association of International Certified Professional Accountants (The Association), the unified voice of The American Institute of Certified Public Accountants (AICPA) and The Chartered Institute of Management Accountants (CIMA) in these challenging times but the health and safety of everyone is also our priority, and we should do our part in containing the pandemic.

Despite the office closure, please take note that **our business operations to serve our members, students and partners will still continue to operate as usual.** The team in South Africa are contactable during office hours via email and their mobile phones continuing to serve our valued members, students and partners from home. The SA Office Landline number will still be active through rerouting of calls to cellular phone.

Alternatively, please contact us on **010 500 9096** for any student and member related queries.

Our team will try to serve and respond as best as they can with minimum disruption as possible.

We thank you for your kind understanding and patience during this challenging time. Please take care of yourselves and we hope that everyone will stay safe and healthy.

Thank you.

Regards,

**The Association of International Certified Professional Accountants**
